

Note that even the lowest category does not mean a risk-free investment, and there are other risks that are not captured by this rating.

This risk indicator is not a guarantee of a fund's future performance. The risk indicator is based on the returns data for 5 years to 31 Mar 2026. While risk indicators are usually relatively stable, they do shift from time to time. The risk indicator will continue to be updated in future fund updates.

See the product disclosure statement (**PDS**) for more information about the risks associated with investing in this fund.

How has the fund performed?

	Average over past 5 years	Past year
Annual return (after deductions for charges and tax)	-1.32%	-5.49%
Annual return (after deductions for charges but before tax)	-1.21%	-5.43%
Market index annual return (reflects no deduction for charges and tax)	0.32%	5.19%

The market index return is S&P/NZX50 Portfolio Gross Index. This has been the market index since the inception of the fund.

Additional information about the market index is available on the offer register at <https://disclose-register.companiesoffice.govt.nz>.

Annual Return Graph See note 1

This shows the return after fund charges and tax for each year ending 31 March since the fund started. The last bar shows the average annual return since the fund started, up to 31 March 2026.

Important: This does not tell you how the fund will perform in the future.

Returns in this update are after tax at the highest prescribed investor rate (PIR) of tax for an individual New Zealand resident. Your tax may be lower.

What fees are investors charged?

Investors in the Trust Management ESG Australasian Share Fund are charged fund charges. In the year to 31 March 2026 these were:

	% of net asset value (inc. GST)
Total fund charges	0.57%
Which are made up of:	
Total manager and admin charges (inc. GST)	0.57%
Including:	
Manager's basic fee (inc. GST)	0.45%
Other management and administration charges	0.12%
Total performance-based fees	0.00%

Investors may also be charged individual action fees for specific actions or decisions (for example, for withdrawing from or switching funds). See the PDS for the Trust Management ESG Australasian Share Fund on the offer register at <https://disclose-register.companiesoffice.govt.nz> for more information about those fees.

Example of how this applies to an investor

Small differences in fees and charges can have a big impact on your investment over the long term.

Anthony had \$10,000 in the fund at the start of the year and did not make any further contributions. At the end of the year, Anthony incurred a loss after fund charges were deducted of \$543 (that is -5.43% of his initial \$10,000). This gives Anthony a loss after tax of \$549 for the year.

Notes

1. The bar chart shows fund returns after deducting fees and tax. Tax is deducted at the highest Prescribed Investor Rate of 28%. However, the market index returns are shown before deducting fees and tax.

Note that even the lowest category does not mean a risk-free investment, and there are other risks that are not captured by this rating.

This risk indicator is not a guarantee of a fund's future performance. The risk indicator is based on the returns data for 5 years to 31 Mar 2026. While risk indicators are usually relatively stable, they do shift from time to time. The risk indicator will continue to be updated in future fund updates.

See the product disclosure statement (**PDS**) for more information about the risks associated with investing in this fund.

How has the fund performed?

	Average over past 5 years	Past year
Annual return (after deductions for charges and tax)	2.37%	4.57%
Annual return (after deductions for charges but before tax)	3.00%	5.43%
Market index annual return (reflects no deduction for charges and tax)	N/A	N/A

For the purposes of the disclosure requirements of the Financial Markets Conduct Act 2013, we have determined that even though the ESG Balanced Fund invests in funds (other than the Trust Management Property Fund) with assets that have an appropriate market index, due to the size of the Fund's target allocation to and holding in the aforementioned Property Fund (for which there is no appropriate market index nor relevant index or benchmark), there is no appropriate market index nor relevant index or benchmark for that would be helpful to investors for assessing movements in the market in relation to the Fund's returns.

Additional information about the market index is available on the offer register at <https://disclose-register.companiesoffice.govt.nz>.

Annual Return Graph See note 1

This shows the return after fund charges and tax for each year ending 31 March since the fund started. The last bar shows the average annual return since the fund started, up to 31 March 2026.

Important: This does not tell you how the fund will perform in the future.

Returns in this update are after tax at the highest prescribed investor rate (PIR) of tax for an individual New Zealand resident. Your tax may be lower.

What fees are investors charged?

Investors in the Trust Management ESG Balanced Fund are charged fund charges. In the year to 31 March 2026 these were:

	% of net asset value (inc. GST)
Total fund charges	0.77%
Which are made up of:	
Total manager and admin charges (inc. GST)	0.77%
Including:	
Manager's basic fee (inc. GST)	0.66%
Other management and administration charges	0.11%
Total performance-based fees	0.00%

Investors may also be charged individual action fees for specific actions or decisions (for example, for withdrawing from or switching funds). See the PDS for the Trust Management ESG Balanced Fund on the offer register at <https://disclose-register.companiesoffice.govt.nz> for more information about those fees.

Example of how this applies to an investor

Small differences in fees and charges can have a big impact on your investment over the long term.

Anthony had \$10,000 in the fund at the start of the year and did not make any further contributions. At the end of the year, Anthony received a return after fund charges were deducted of \$543 (that is 5.43% of his initial \$10,000). This gives Anthony a return after tax of \$457 for the year.
